**Autres choses****Other business**

The president of the Austrian National Committee, Mr. Friedrich ZOTTER, served as a representative for the group of National Committees in the Executive Committee of PIARC during the period 2005 – 2008. He will also be a candidate for the next period 2008 – 2012 for representation of the NCs issues in the ExCom.

**RAPPORT DÉTAILLÉ SUR DES POINTS CULMINANTS****DETAILED REPORT ON HIGHLIGHTS****Preparations for the 7th ASTRAD Symposium 2009,  
the Austrian Winter Road Congress**

For the 7<sup>th</sup> time the ASTRAD-Symposium on Road Management and Winter Maintenance will take place on **22<sup>nd</sup> and 23<sup>rd</sup> April 2009** in Wels, Austria. Over 130 exhibitors are expected to welcome more than 1.000 professionals from the road management and road maintenance sector at this biennial Austrian “Winter Road Congress”. The latest developments in equipment and technology for road operation and winter maintenance will be presented at several technical sessions and in an exhibition area of 18.500 sqm total indoor and outdoor at free admission for registered visitors. The Symposium serves as primary forum orientated on operational level, where the industry und manufacturers meet the users of their appliances und applications. Research and development present their latest equipment, while users such as “road masters” and representatives from municipalities, provinces and local authorities can express their demands und wishes for the future. In the last years interest and popularity of the event has been growing steadily, and today even international participation is being achieved despite the forums orientation on the national level.

The Austrian National Committee and its president Mr. Zotter is especially responsible for organizing the Technical Sessions at the Symposium.

### Participation in the 23rd World Road Congress in Paris 2007

Austria's active participation within the World Road Association has a long tradition. In 1979 the world Road Congress was held in Vienna. In 1994 the Winter Road Congress took place in Seefeld. Austria's high standards in all parts of the road and transport business can contribute to the success of the World Road Congress. The chosen topic of the World Road Congress in Paris „Sustainability“ has been intensively dealt with in Austrian transport research, administration and policy. The Austrian National Committee was actively promoting the national participation in the congress.

The contribution consisted of the following elements:

- ♦ Active participation in the Technical Committees and in the Technical Sessions
- ♦ Preparation of two National Report
- ♦ Preparation of several presentations by TC members, direction of two Technical Sessions
- ♦ Organization of an Austrian stand at the exhibition
- ♦ Participation in the Historical Exhibition
- ♦ Two contributions for the PIARC Prizes
